

JP-8Z

Distribution Adaptor

The JP-8Z is a homerun distribution adaptor for the JP Series. It can be surface mounted using the mounting holes or with the W-DIN11 mounting rail, which is an Aiphone accessory that is sold separately.

The JP-4MED video answering station and each JP-4HD video sub answering station all connect to this adaptor using Cat-5e/6 cable. One or two PS-2420UL power supplies are used, depending on how many video sub answering stations are required in the system.

- **Allows homerun wiring method**
- **TAA compliant**
- **165' wiring distance to each JP-4HD video sub answering station**
- **Up to seven JP-4HDs can be connected with one JP-4MED video answering station**

Power Source 24V DC (use PS-2420UL, one for up to four JP-4HDs, two for five to seven JP-4HDs)

Wire Type Cat-5e/6 for stations
18AWG 2-conductor for power

Mounting DIN rail (included)

Operating Temp 32° ~ 104° F (0° ~ 40°C)

Dimensions 4 5/16 in H 4 7/8 in W 2 3/8 in D
109 mm H 123 mm W 61 mm D

Weight ≈0.46lbs (210g)
